To: Gill Marcus  
DIP - ANC

From: Jeanette Minnie  
COM

Dear Gill

I am writing to confirm that the COM committee wishes to hold an internal meeting today to discuss the agenda for the COM/FES workshop on June 24 and 25. I will contact you on Monday about matters arising out of this meeting.

Concerning work arising out of the consultative meeting between COM, DIP, the SACP and the lawyers last Sunday, the following:

1. At COM's request the FES has found a German telecommunications expert who will be coming out to South Africa from June 28 to about July 2. He is arriving on a Sunday and will be available to sit down with the lawyers on the Monday, Tuesday and Wednesday.

David Dison has suggested that on the Monday the German expert, Willie Currie, someone from COM and some of the lawyers visit the SABC and TELKOM so that the expert can familiarise himself with the local telecommunications situation. However, this still needs to be organised.

2. The only other work arising according to my notes is that Essop Pahad is supposed to contact me and the lawyers to tell us what has happened in Codesa in relation to the submission that the lawyers made about the repeal and amendment of various media laws. Essop was supposed to contact Kader Asmal to find out.

3. The next consultative meeting is on July 12 at 15h30 at 20 Clarence Street, Troyeville. The house is on the corner of Clarence and Pretoria Streets.

*J. b. Minnie.*
