Dear Cyril,

In this mornings' Business Day there is a report that agreement has been reached on a new independent SABC Board. We also have heard that proposals are due to be put to the Cabinet for discussion. Our concern is that the broad principles of transparency and independence be maintained during the process of appointing a new Board.

Our steering committee is due to meet tomorrow and we would really appreciate details of this agreement so as to guide our deliberations. We also wish to warmly thank the ANC for the resolution passed at the Solidarity Conference over the week-end.

With best wishes

Raymond Louw. (Co-chair of CIB)
